FIR for over speeding

Driving over 130 kmph on any road, highway in Karnataka to attract FIR from today

Mysuru, Aug. 1 (BCT)- Starting today, Aug. 1, the State Police will register First Information Report (FIR) against drivers exceeding the speed limit of 130 km per hour.

Drivers driving over 130 kmph will be booked for rash and dangerous driving under Section 281 of the Bharatiya Nyaya Sanhita (BNS).

Violators may face penalties, including up to six months of imprisonment, a fine of Rs. 1,000, or both. The rule is effective

statewide, with all the district Police being instructed to monitor vehicle speeds and enforce the permissible limits strictly.

The national speed limit on highways is 100 kmph, 120 kmph on expressways while state roads and highways have lower limits.

This decision follows a 2022 report indicating that overspeeding accounted for approximately 90 percent of fatal accidents in the State.

It was also prompted by an accident recently on NICE road, where three people died due to a vehicle travelling at 160 kmph.

(See FIR on page 7)

Tourists banned from sites close to water

Mysuru, Aug. 1 (VNS)- Continuous rainfall in the Cauvery basin of Mandya district has led to increased outflow from the KRS reservoir. As a result, the outflow has been increased to approximately 1,70,000 cusecs into the Cauvery River.

To ensure public safety and law and order, Mandya Deputy Commissioner Dr. Kumara has issued orders restricting access to tourist spots within the Srirangapatna taluk.

The affected locations include the **KRS Reservoir, Brindavan Gardens, Paschimavahini, Gosai Ghat, Balmuri** and **Edamuri, Wellesley Bridge,** the bathing ghats near **Nimishamba Temple, Ranganathithu Bird Sanctuary** and the areas around the **KRS Reservoir.**

The entry restriction for the public and tourists will be in effect on Aug. 1 and 2.

Severe crop loss has been reported in villages along the River Cauvery, with farmers facing similar issues as last year due to heavy rainfall.

Wellesley Bridge submerged: The Wellesley Bridge in Srirangapatna is fully submerged, with water overflowing. Authorities have placed barricades on either side to prevent vehicular movement. Even the retaining wall of the Wellesley Bridge has collapsed.

Chamarajanagar and Chikkamagaluru: In Chamarajanagar, entry to **Gaganachukki, Bharachukki** and **Hogenakkal Falls** is banned until tomorrow, with the possibility of extension depending on water release from the KRS and Kabini dams.

Man should live for the cause of society: Dr. Gururaj Karajagi

Mysuru, Aug. 1 (BLU&DM)- Renowned academician Dr. Gururaj Karajagi said that nothing is permanent for mankind and humans should live for the cause of society.

He was delivering the Foundation Day address of University of Mysore (UoM) at Crawford Hall here recently after offering floral tributes to the portrait of Nalwadi.

Reiterating that there is no such thing as a permanent one for human beings, he said that humans should leave behind a trail of service and sacrifice before their life comes to an end.

Pointing out that humanistic achievements will be remembered by the people and the gen next, he said that such trails should be left behind by everyone for generations to come.

Citing the example of Sulekere Lake in Channagiri taluk of Davanagere district, considered as the second largest built lake in the Asian continent, Dr. Karajagi said that the lake is still remembered for the sacrifice of a woman centuries ago, which stands as a testimony to the service of mankind.

"We should not live for oneself. Instead we should live for the cause of the society as this will get entrenched in the minds of the people for long. We have to come out of the mindset of living for oneself," he said adding that everyone should make his/her own contribution to the society in the best possible way.

Noting that God Almighty is a power, he said that this power controls us. It is the God's power that saves us from challenges during our troubled and testing times if we possess a good attitude and do selfless service to the society, he added.

UoM Vice-Chancellor Prof. N.K. Lokanath, Registrar V. Shylaja and others were present on the occasion.

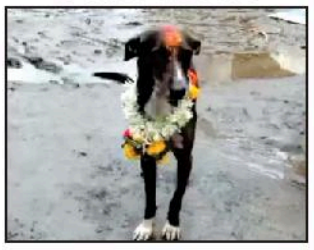
EDITOR'S BOTTOMLINE

THE WAY OUT OF SINS: ***The tenets of Hinduism lay stress on concepts like heaven and hell, noble souls and sinners, good and bad deeds, world here and hereafter. Puranas say the tribulations that a person may undergo in the world of hell are indescribable. People may commit mistakes or sins through their minds, words or other physical faculties*** *(manas, vak and kayam)*. ***Sri Kesava Vajapayer Swamy said if a person turns a talebearer, he incurs sins through the same. For cleansing of our sins, various ways are suggested such as taking a dip in holy rivers like the Ganga, fasting on Ekadasi, following dharmas with steadfastness, regulation in food*** *(Ahara Niyamam)*, ***pinning faith in Sastras, believing the words of learned men, controlling the mind and senses, and giving charity to good and deserving people. Yudhishthira asked grandsire Bhishma what was the best time to give charity, and Bhishma replied that whenever a pious person is seen, charity should be extended immediately.***

For a person who is habitual in committing mistakes, how will the remedial measures *(prayaschita)* ***rescue him? It will be like an elephant sprinkling sand on its head after it has been given a bath. Our sins will be destroyed automatically like bamboo catching fire by friction in a gusty wind. But the same bamboo will grow again if it rains because the roots are not destroyed. By chanting the names of God*** *(Namasankeerthanam)*, ***the evil effects of our sinful deeds will be completely uprooted.***—*In The Hindu*

NEWS SPARKLERS

Lost dog travels 250 kms back home



Belagavi: A lost dog returned home by travelling alone for 250 kms. A jubilant crowd at Yamagarni village in Nipani taluk of Belagavi district, paraded a black indie dog covered in garlands and held a feast in its honour. For the villagers, the return of the dog, which had been lost, is a miracle.

In the last week of June, Maharaj, the dog, had followed its owner Kamalesh Kumbhar when he went on his annual 'Wari padayatra' trip to Pandharpur. After the darshan at Vithoba temple, Kumbhar said he noticed that the dog was missing. When he went looking for him, he said people told him that the dog had left with another group and he returned to his village on July 14.

The next day Kamalesh found Maharaj in front of his house, wagging his tail. Overcome with happiness, Kamalesh said, he and the villagers celebrated Maharaj's return with a feast.

This Doberman is a fashion model

Beijing: Xiaopai, a stylish Doberman, is taking the fashion world by storm with his natural modelling skills and irresistible stare.

Photos and videos of Xiaopai have been circulating online for about a year, with little to no information about the canine protagonist. Virtually all of them have been getting thousands of views. Watching a Doberman try out clothes is one of the most satisfying things you can do.

The clips of the Doberman hadn't originated on TikTok, but on its Chinese version Douyin. Unfortunately, the account doesn't have much information, other than an impressive number of followers, 1,59,000.

Electric wire poses danger in Saraswathipuram

Sir,

At the intersection of 12th Main and 3rd Cross in Saraswathipuram, an electrical wire from a pole passes through a tree branch *(as seen in above photo)*. Whenever the wind blows, sparks fly from the wire.

I urge the Chamundeshwari Electricity Supply Corporation (CESC) and Forest Department to trim the tree branch to prevent the wire from snapping, which could endanger lives.

Combating plastic pollution innovatively

MCC to launch PET recycling, cloth bag vending machines

Mysuru, Aug. 1 (PM&BS)- To curb the use of plastic, which poses a significant threat to the environment, the Mysuru City Corporation (MCC) is set to introduce an innovative system.

The new initiative includes the installation of **Plastic Polyethylene Terephthalate (PET)** bottle recycling machines and cloth bag vending machines at various locations in the city.

The MCC has devised this alternative method to combat the dangers of plastic, which is harmful to both health and the environment. The plastic issue is a global concern, and finding solutions for non-biodegradable materials like plastic is critical.

The machines will be placed at busy spots to ensure they are easily accessible to the public. This initiative aims to reduce plastic waste by providing a way to recycle and reuse it at the source.

How to use the machines

For the PET bottle recycling machine, users can deposit empty PET bottles, such as those used for water and juice. The machine will then sort the bottles, remove any labels, and clean them. The caps will be removed, and the bottles will be processed further. Users will receive Re. 1 for every two one-litre bottles deposited.

The cloth bag vending machine allows users to purchase cloth bags for Rs. 10. Payments can be made via digital wallets like UPI, Google Pay, or PhonePe by scanning a QR code on the machine. Alternatively, users can pay using coins, either a Rs. 10 coin or two Rs. 5 coins. This initiative aims to reduce the use of plastic carry bags.

MCC Commissioner Ashaad-Ur-Rahman Shariff stated that both machines are expected to play a significant role in controlling plastic waste. The manufacturers have demonstrated the machines' functionality, and an action plan has been developed to install them in high-traffic areas of the city.

Once approved by the Deputy Commissioner, tenders will be called to implement the plan promptly. Two machines will be installed at each of the nine selected locations, including Mysore Palace, D. Devaraja Urs Road, Devaraja Market and KSRTC Suburban Bus Station.

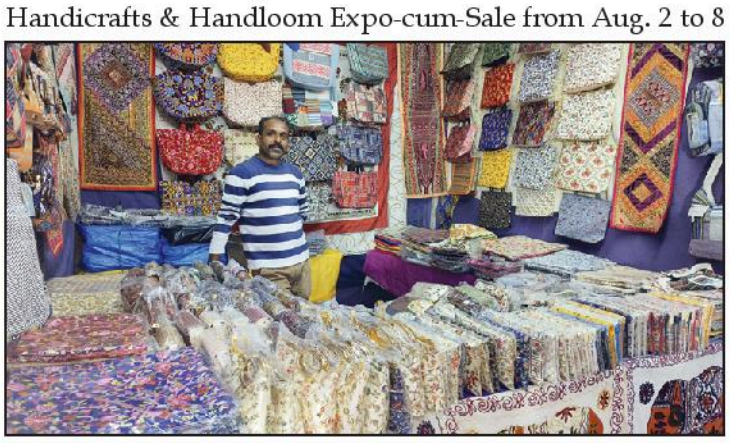
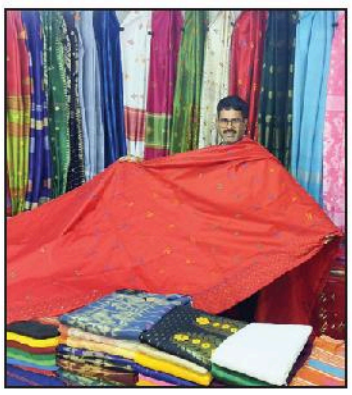
Gandhi Shilp Bazaar
at JSS Mysore Urban Haat

Handicrafts & Handloom Expo-cum-Sale from Aug. 2 to 8





Mysuru, Aug. 1- The Office of the Development Commissioner (Handicrafts), Ministry of Textiles, Government of India, is tirelessly working for the development, prosperity and survival of Indian handicrafts through various programmes.

To connect artisans with art enthusiasts, the Department is organising several events in city. One such significant event, ***Gandhi Shilp Bazaar,*** a Handicrafts and Handloom Exhibition-cum-Sale will be held at JSS Mysore Urban Haat in Hebbal from Aug. 2 to 8

It aims to provide a direct marketing platform for artisans from across the country to showcase their masterpieces to Mysuru's art lovers. Around 50 to 60 award-winning artisans will display their innovative designs, catering to local tastes and preferences. The exhibition will feature a wide range of handicrafts, including wood carving, stone sculpture, bronze idols, earthen pottery, paper art, carpets, cotton jamaka, imitation jewellery and many more.

This event will be inaugurated tomorrow at 4 pm by MLA G.T. Devegowda. Dr. C.G. Betsurmath, Executive Secretary, JSS Mahavidyapeetha, will preside. G. Lakshmikanth Reddy, Deputy Commissioner, Mysuru; B.K. Shivakumar, Director (Exports) & Managing Director, VTPC, Bengaluru; Shankarappa, Director, General Administration Division, JSS Mahavidyapeetha; M. Prabhakaran, Regional Director, O/o DCH, Ministry of Textiles, Chennai and K.S. Sunilkumar, Assistant Director, HSC, O/o DCH, Ministry of Textiles, will be the chief guests.

The Gandhi Shilp Bazaar exhibition and sale will be open for visitors from 10.30 am to 9 pm daily.

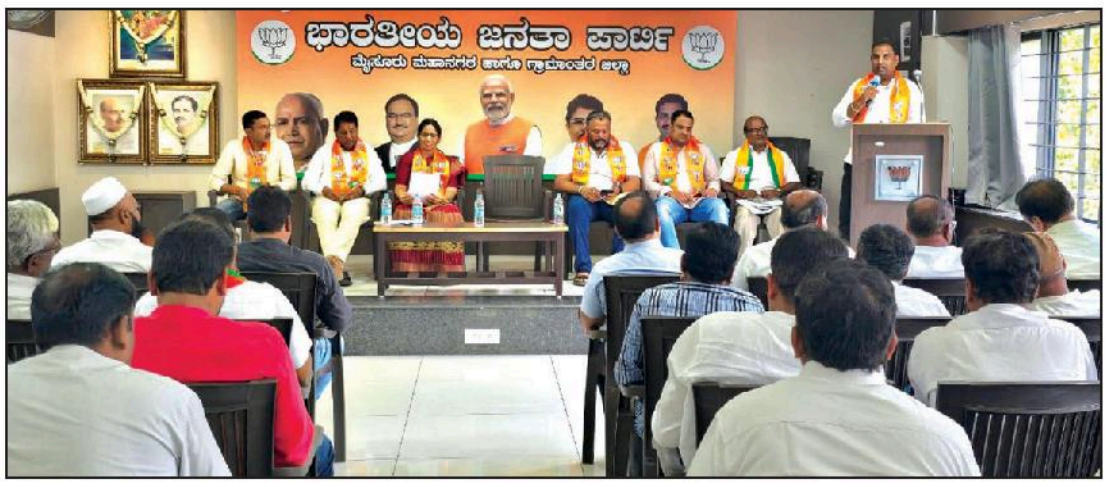
Ph.D awardees

K.S. Bhargav Shreevatsa has been awarded Ph.D in Life Sciences by the JSS Academy of Higher Education and Research (JSS AHER), Mysuru, for his thesis 'Integrative Approaches for Targeting Parkinson's Disease Progression: In Silico, in Vitro and in Vivo Investigations of Phytobioactives' submitted under the guidance of Dr. S. Chandan.

Anisha S. Jain has been awarded Ph.D in Life Sciences by JSS Academy of Higher Education and Research, Mysuru, for her thesis 'Evaluation of Repurposed Drugs Targeting the Mutant Genes of Non-Small Cell Lung Cancer via A Model Organism' submitted under the guidance of Dr. P. Ashwini and Dr. Chandan Shivamallu.

500 BJP workers from Mysuru to join *Padayatra* daily: BJP Rural President



Mysuru, Aug. 1 (MK&BS)- Following the decision of State BJP to take out *Mysuru Chalo Padayatra* from Bengaluru, from Aug. 3 to 10, in protest against the corrupt practices of Congress Government, a preliminary meeting was held at City BJP Office in Chamarajapuram on Wednesday.

BJP Rural President L.R. Mahadeva Swamy, in his address, vented his ire against the State Congress Government, for indulging in corruption, that came to fore with the reported scams at Mysuru Urban Development Authority (MUDA), Karnataka Maharshi Valmiki Scheduled Tribe Development Corporation Ltd., and the misuse of funds meant for the uplift of Scheduled Castes and Scheduled Tribes, taking the people of the State for a ride.

The people are watching how the women heads of the families are cheated, without providing a financial assistance of Rs. 2,000 per month, deceiving them in the daylight. Moreover, is it right on the part of the Chief Minister himself, to have been involved in the scam under 50:50 site scheme at MUDA, ignoring the prevailing order of revoking the related law, way back in the year 2023 itself? questioned Mahadeva Swamy.

Responding to the call of State BJP President B.Y. Vijayendra, the party workers from the district too, numbering 500 will be taking part in Mysuru Chalo daily. A large number of party workers from across the State, will be participating in the *Padayatra*, only to blow a war bugle against the series of corruptions of the Government.

Former MLA B. Harshavardhan said, Congress Government is misusing the funds set aside for the welfare of backward classes, thus affecting the progress of very community across the State. The CM is directly involved in MUDA scam, with corroborative documents available, which is already known to the people of the State. The recent behaviour of CM shows, he is feeling guilty and embarrassed over the developments.

Former BJP Rural President Mangala Somashekar, leaders S. Mahadevaiah, General Secretary Kiran Jayarame Gowda, Madavadi Mahesh, Balu and others were present.

AHINDA organisations to besiege City BJP Office on Aug. 3

Mysuru, Aug. 1 (BLU&BS)- AHINDA organisations have decided to lay siege to City BJP Office in Chamarajapuram on Saturday (Aug. 3), to counter BJP's *Mysuru Chalo Padayatra*, planned on the same day, against the alleged scams at Mysuru Urban Development Authority (MUDA) and Karnataka State Maharshi Valmiki Scheduled Tribe Development Corporation Limited.

The AHINDA leaders arrived at this conclusion after a meeting held under the chairmanship of Karnataka Rajya Hindulida Vargagala Jagruta Vedike President K.S. Shivaramu at Jaladarshini Guest House here, on Wednesday. The leaders, during the meeting, vented their anguish against BJP, for hatching a conspiracy against Chief Minister Siddaramaiah, by making baseless allegations against the latter, in relation to MUDA scam, even though he doesn't have any role in it.

State Vice-President of AHINDA Federation Shivanna, Mysuru District AHINDA Federation President Swamy Gowda, District Uppara Sangha President Yogesh Uppar, District Kumbara Sangha President H.S. Prakash, Dalita Sangharsha Samiti (DSS) Convener Maniyaiah were present.

Unidentified bodies found

Mysuru, Aug. 1 (KS)- In separate cases, Mandi Police have found bodies of unidentified men in their jurisdiction and have registered cases.

In the first case, the Cops found a body of an unidentified man at about 11.30 pm on July 9, near the private bus stand on Sayyaji Rao Road and have shifted the body to MMC&RI mortuary.

The deceased is aged between 40 and 45 years, 5.5 ft. tall, dark complexioned, round faced, normal built, sports beard and moustache, has initials 'AS' tattooed on his right forearm and was found wearing a grey coloured full arm shirt and black shorts.

In the second case, the Police, at about 8 pm on July 14, found a body of another unidentified man on the footpath next to the Divisional Railway Manager's Office gate on Seshadri Iyer Road and have shifted the body to the mortuary.

The deceased is aged between 45 and 50 years, 5.4 ft. tall, oily red complexioned, normal built, sports long beard and has moles on the right and left sides of his chest and was wearing a white coloured full arm shirt and green coloured shorts.

The kith and kin of the deceased persons, if any, may contact Mandi Police Station on Ph: 0821-2418313/513 or call Police Control Room on Ph: 0821-2418339.

DC reviews cases booked under KPMEA

Mysuru, Aug. 1 (BS)- Deputy Commissioner G. Lakshmikanth Reddy chaired a review meeting of **Karnataka Private Medical Establishment Authority (KPMEA),** at the meeting hall of District Health and Family Welfare Office in the city recently.

DC Lakshmikanth Reddy, who went through the inspection reports related to 28 cases booked under KPME Act, noted that, 15 institutions have been slapped with penalty while four more institutions were ordered to suspend the operations completely, keeping the decision pending in three other cases.

DC instructed the Officers to impose smaller amount of fine for first time violations, with a warning to suspend the licence if they fail to take corrective measures in the coming days.

The DHO and other Officers were directed to inspect those hospitals against whom the cases have been booked and carry out timely inspections over their level of compliance with KPMEA rules.

DHO Dr. P.C. Kumaraswamy apprised the meeting that when Taluk Health Officers (THO) visited private clinics, it was found that some of the AYUSH doctors were giving allopathy medicines to their patients.

Zilla Panchayat Chief Executive Officer (CEO) K.R. Gayathri was also present.

Precautions about dengue

In a meeting of District Level Task Force, to take steps to prevent dengue fever and control it from spreading further, DC Lakshmikanth Reddy instructed pourakarmikas and anganwadi workers to actively take part in the Dry Day activities scheduled on every Friday.

The teachers and faculty at schools and colleges respectively should create awareness about dengue and the precautionary measures to be taken, during the assembly to conduct prayer, the DC directed.

Restoration of Dewan Purnaiah Canal possible

By Prof. G. L. Shekar
Former Principal, NIE

Prof. G.L. Shekar

As I was reading the articles and comments on Kukkarahalli Lake in *Star of Mysore* over the past couple of weeks, I decided to write an article about the extensive investigation carried out on the rejuvenation of the Canal related to the Lake by a group of researchers and faculty members from the city's prestigious National Institute of Engineering (NIE). Hence this article.

In 2018, a preliminary survey report titled '*Restoration of Dewan Purnaiah Canal - The Feeder Canal of Kukkarahalli Tank of Mysuru*' was submitted to the Deputy Commissioner.

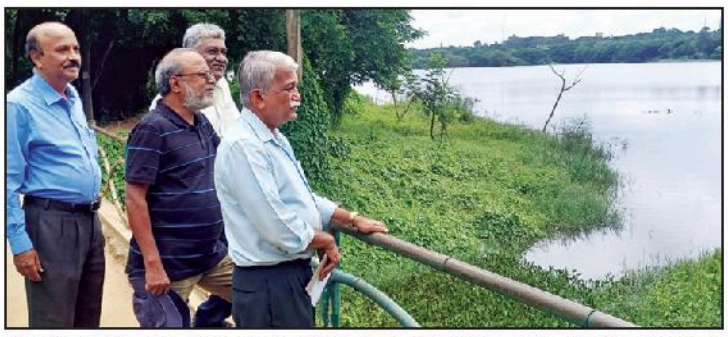
Experts, headed by **Prof. R. Yadupati Putty** of Civil Engineering Department, clearly articulated the existing problem, **provided a solution with technical details and mentioned the probable hindrances in executing the project.** Dr. K.C. Manjunath, U.N. Ravikumar, Kaushik Consultants and students were part of this survey.

The field survey was carried out to trace the **original alignment of the Canal** in the portion between All India Institute of Speech and Hearing (AIISH) and Vijayashreepura. Studies revealed that this portion, about 2.2 km in length, could be reclaimed. If this portion is reclaimed, total length of the functional Canal will be about 5 kms.

Water to Southern Mysuru

Kukkarahalli Lake, which was constructed to supply water to southern parts of city and for irrigation purposes, used to receive most of its inflow from several other basins spread over the western part of the Lake. This was made possible by a feeder Canal that was cut to intercept many streams draining suburban land in western parts of the city, encompassing villages like Bogadi, Hinkal, Dasanakoppal, Ganagarahundi and others.

It is now history that this 20-km-long Canal (built in 1861 and named after Krishnacharya Purnaiah (1746-1812), the first Dewan of Mysore) used to divert water from streams to Kukkarahalli Lake. Otherwise, in the absence of the Canal, water would have fed five to six downstream tanks.



FROM LEFT: ***Dr. K.C. Manjunath, A.V. Ramesh, U.N. Ravikumar and Prof. R. Yadupati Putty seen at the point where Dewan Purnaiah Canal is converging to the Lake at the western side of Kukkarahalli Tank bund (next to Fine Arts College and Kukkarahalli village).***

Hope for Kukkarahalli Lake if there is political will

"It is possible to restore Kukkarahalli Lake to its original state with Purnaiah Canal (also known as Raja Kaluve) being tracked even at its most invisible part and encroached lengths, according to Prof. G.L. Shekar's article. Only political will is required. Also, a little co-operation from the land-losers (canal area losers). But the Government must financially compensate them wherever re-location or dislodging is required.

According to MGP Founding President Dr. Bhamy V. Shenoy, some of the land and canal area of Purnaiah Canal were found encroached and converted either as agricultural land or allotted as sites, during the enquiry conducted by the then Deputy Commissioner (DC) T.M. Vijay Bhaskar. This is mentioned in the famous but now dead 29-year-old Report as **'T.M. Vijay Bhaskar Report'** which was resurrected by *SOM* in its issue dated 24.7.2024.

This Lake, of course, is not meant to supply water to local residents and industries as it was intended when it was built in 1861. But it must be saved as a water body, lung space and as a centre of biodiversity in the heart of the city.—**Editor**"

Study of topo-sheets

Initially, Kukkarahalli Lake supplied water throughout the year to industries and residential areas in southern part of city. Therefore, there was a need to bring a large amount of water to the tank at that time. **However, that situation is not present now. There is only a need to keep the tank alive and pollution-free.**

The report mentions that in recent years, a large amount of water was not being obtained from the Lake's catchment. Hence, it is necessary to utilise the services of Dewan Purnaiah Canal.

In this context, the preliminary report on restoration of this Purnaiah feeder Canal was prepared based on a study of topo-sheets of Survey of India (1970), Google Earth satellite images and a reconnaissance survey on-site along the Canal alignment.

Accessible for rejuvenation

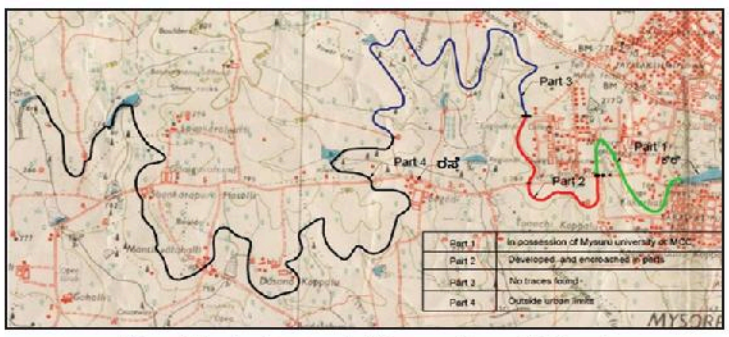
Based on the site inspection, the 20-km feeder Canal (Purnaiah Canal) has been identified in four parts: **the last part of the alignment that is mostly in good condition and easy to revive (about 3 km);** partly encroached but accessible for rejuvenation (about 2.5 km); almost completely encroached (not recognisable on the ground due to urban development); and a stretch not yet fully accessed for urban development (visible on the ground and reclaimable).

The report emphasised in 2018 that District Administration could retain the last stretch mentioned above **"if action is initiated immediately."**

Regarding catchment and water volume, the report covers the section of Canal that runs west of Sri Jayachamarajendra College of Engineering (SJCE), past Bogadi Road, Bisilu Maramma Temple and up to AIISH.

Catchment area increase

The length of this section is 2,200 m and the catchment areas that this section **drains are identified.** The extent of land drained by different parts of this stretch suggests that **when this portion of urban area of the Canal is rehabilitated, the catchment area of the tank will increase by about 60 percent and the amount of rainwater reaching Kukkarahalli Lake is expected to increase by about 50 percent.** *[See table]*



The original alignment of Dewan Purnaiah Canal.

PORTION OF LAND	AREA (HA)
The topographical catchment of the Lake (without the services of the feeder Canal)	396.5
The eastern part of the catchment inside Gangothri campus	104.5
Gangothri campus draining to the west	38.8
Area south of Bogadi Road	23.2
Area behind RIE and SJCE	55.8
Catchment area augmented by reviving the said length of the Canal	222.3

Since a significant length of the tail-end part of the feeder Canal lies on land owned by Mysore University or the State Government, rejuvenation work can be easily undertaken.

The report also mentions that the Canal can be easily restored by desilting the portion downstream of AIISH. Since the Canal has been blocked in many places along the rest of its length, some challenges may arise during revival work. It is a fact that no trace of Canal is found in the area west of SJCE and Regional Institute of Education (RIE).

Diverting water to Canal

Therefore, a new stormwater drain of about 700 m would be required to divert water into the Canal. Since the entire area of Canal along the alignment between RIE and AIISH (chainage 1,010 m to 1,280 m) has been encroached upon to the extent that no trace of it can be seen, eviction may have to be considered in some areas of Janata Nagar 1st, 2nd and 3rd Cross Roads.

Prof. Putty stated that caution must be exercised when dealing with the part of Canal (from 1,680 m to 1,900 m) as it is within Bisilu Maramma Temple premises. Additionally, between the temple and AIISH, the Devirammanni Deaf and Dumb Orphanage has **been constructed in the middle of the channel section.**

The report highlights that the project involves **reconstructing the Canal to a length of about 2,200 m, with a depth of 8 feet and a width of 20 feet. There is a scope to reclaim and develop the entire width of the original Purnaiah Canal.** Also, there is a need for desilting the Canal on Mysore University land.

It may be recalled that NIE faculty members, under the leadership of Prof. Putty, U.N. Ravikumar and Dr. Manjunath, have conducted numerous **studies** on hydrological, environmental and quality aspects of the Lakes of Mysuru city and have developed innovative solutions.

Realistic suggestions to save Kukkarahalli Lake

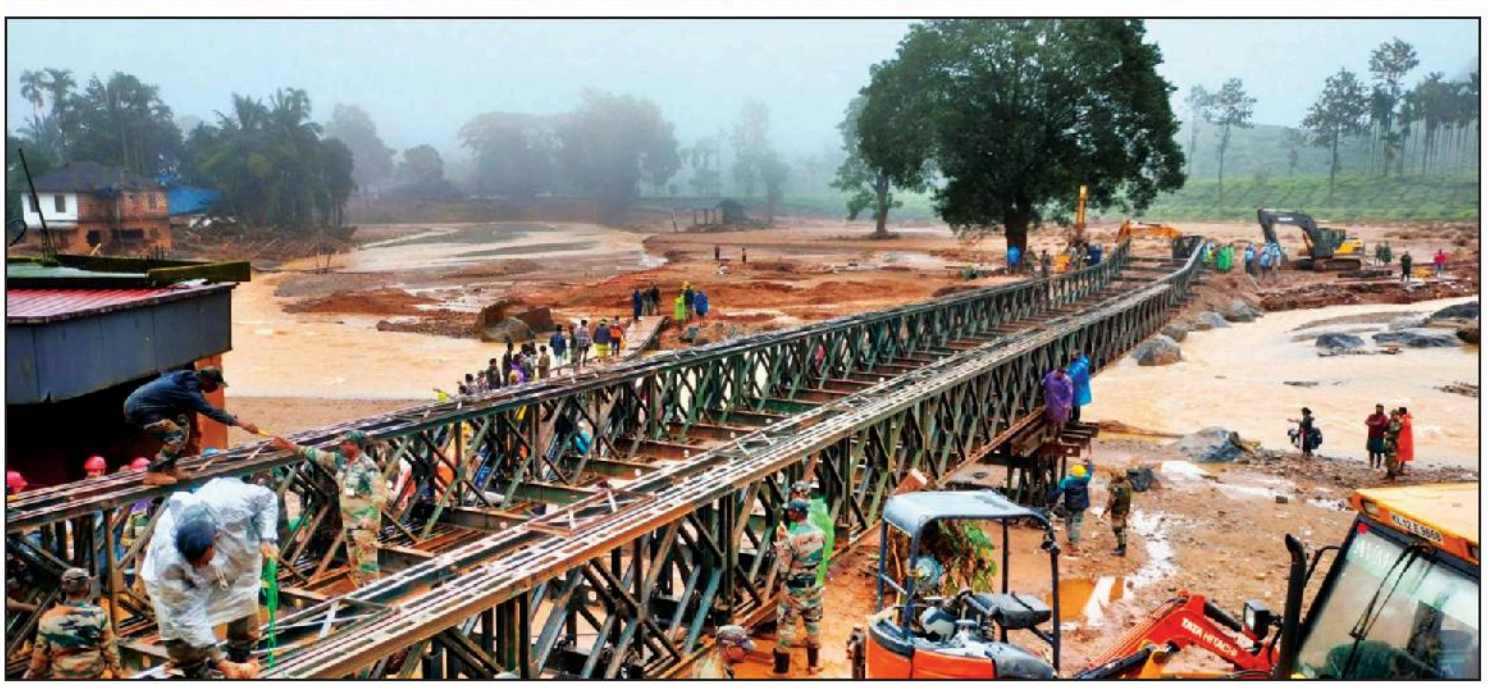
"In late 19th century and early 20th century, there was a need to bring a large amount of water to Kukkarahalli Lake. But NOW that large amount of water is not needed.

Therefore, suffice it is NOW to utilise the water that could be obtained by reviving the Dewan Purnaiah Canal, as suggested by **Prof. R. Yadupati Putty Report.** Chief Minister Siddaramaiah should make up his mind. —**Editor**"

Wayanad Landslides

Indian Army to the rescue

Constructs bridges connecting landslide-hit Meppadi and Chooralmala villages



Wayanad (Kerala), Aug. 1 (Agencies)- The Indian Army has intensified its efforts to rescue people stranded at landslides hit Wayanad on Tuesday last. Six Humanitarian Aid and Disaster Relief (HADR) columns comprising around 500 personnel including medical staff, along with bridging equipment and rescue dogs are deployed at Wayanad. The Army has rescued around 1,000 people and provided them necessary medical aid.

According to a press release from Ministry of Defence, the Army has set up a "Command and Control Centre" headed by Major General V.T. Mathew, General Officer Commanding, Karnataka and Kerala Sub-Area along with Brigadier Arjun Segan at Kozhikode for coordinating HADR efforts.

Army's Engineer Task Force from Madras Engineering Group and Centre (MEG & Centre) with 123 personnel along with a set of 150 feet Bailey Bridge, three JCBs and other support equipment constructed a bridge connecting Meppadi – Chooralmala villages.

Death toll rises to 282

The death toll in landslides in Wayanad district has risen to 282, including 23 children, with 240 people still missing and 213 undergoing treatment at various hospitals. As many as 8,304 people, including 19 pregnant women, have been shifted to 82 relief camps set up in Meppadi and nearby areas in Wayanad district, officials said, adding that 143 bodies were kept in various hospitals.

Meanwhile, Leader of Opposition in the Lok Sabha Rahul Gandhi, who represented Wayanad Lok Sabha constituency in previously, and Congress general secretary Priyanka Gandhi Vadra are expected to visit Wayanad.

Tourists banned

(Continued from page 1)

The Chikkamagaluru District Administration has advised tourists to postpone travel plans until Aug. 15 or further notice due to heavy rains. In Udupi, holidays have been declared for schools and colleges following heavy rainfall. The IMD has issued a red alert for Udupi and predicted heavy showers and landslides in Shivamogga over the next few days.

Revenue Minister inspects rain damage

CM to visit Kodagu tomorrow

Mysuru, Aug. 1 (VNS)- Revenue Minister Krishna Byre Gowda, along with District In-charge Minister N.S. Boseraju, Madikeri MLA Dr. Manthar Gowda, and Deputy Commissioner Venkat Raja visited Athuru, Guddehosuru, Theppadakandi and other villages affected by landslides. He instructed the Deputy Commissioner to expedite the release of compensation to the victims.

Speaking to media, Minister Krishna Byre Gowda noted that Kodagu had experienced above-average rainfall, resulting in significant losses for farmers. He added that Deputy Commissioner has been directed to submit a damage report, after which compensation will be issued promptly.

Krishna Byre Gowda also mentioned that Chief Minister Siddaramaiah will hold a video conference with District Ministers and DCs from rain-affected districts. National Disaster Response Force (NDRF), State Disaster Response Force (SDRF) and Civil Defence personnel are on standby to act swiftly in emergencies.

Travel alert: Avoid visits to waterfalls for now

Entry ban at waterfalls of Kodagu, Srirangapatna tourist places, Ranganathittu Bird Sanctuary, Brindavan Gardens

Mysuru, Aug. 1 (VNS)- With Kodagu, a part of the Western Ghats experiencing heavy rainfall, the District Administration has requested tourists to postpone their visits to popular destinations, especially waterfalls.

Kodagu is home to several popular tourist spots, including Iruppu Falls, Abbey Falls, Mallalli Falls, Chelavara Falls, Chiklihole Dam, Kote Abbey Falls, and Surlabbi Falls. Several tourists from Mysuru and Bengaluru often visit Kodagu for 'monsoon tourism' to witness the splendour of cascading waterfalls

The dangerous aspect here is tourists often ignore the authorities' warnings and venture into waterfalls to take selfies and record videos. There have been incidents of tourists being swept away by strong currents. To prevent further accidents, the District Administration has advised tourists to avoid visiting Kodagu for the next few days.

The India Meteorological Department (IMD) had issued a red alert for Kodagu until yesterday, with an orange alert in effect for the next few days.

In addition to Kodagu, heavy rainfall is also affecting tourist destinations like Chikkamagaluru and Shivamogga, with more rain forecasted. As a precaution, authorities are advising tourists to postpone their visits till Aug. 16, though formal advisories have not yet been issued.

Kodagu sees an increase of 1,031.02 mm rainfall in 2024

Mysuru, Aug. 1- As of 8:30 am today, Kodagu received an average rainfall of 43.23 mm in last 24 hours. On the same day last year, 10.67 mm of rainfall was recorded.

The total rainfall from January until now in Kodagu is 2217.15 mm, compared to 1186.13 mm during the same period last year, an increase of 1,031.02 mm.

In Madikeri taluk, the average rainfall over the last 24 hours is 71.73 mm against last year's 12.73 mm rain. The total rainfall from January until now is 3050.60 mm, compared to 2008.33 mm of same period last year.

In Virajpet taluk, the average rainfall today is 45.20 mm against 8.15 mm of last year. The total rainfall from January until now is 2066.95 mm against 935.76 mm of last year.

In Ponnampet taluk, the average rainfall today is 42.92 mm against 5.40 mm of last year. The total rainfall from January until now is 2141.69 mm against 950.56 mm of last year.

In Somwarpet taluk, the average rainfall today is 38.90 mm against 17.35 mm of last year. In Kushalnagar taluk, the average rainfall today is 17.40 mm against 9.70 mm of same period last year.

Echo of Governor's show-cause notice to CM Siddaramaiah

CM to fight Guv's likely prosecution nod legally

Cabinet colleagues stand by CM during breakfast meeting in Bengaluru

Bengaluru, Aug. 1 (KMS& BCT)- In a significant political development, Governor Thaawarchand Gehlot issued a show-cause notice to Chief Minister Siddaramaiah on July 27, seeking an explanation regarding alleged irregularities in the allotment of sites to his wife by the Mysuru Urban Development Authority (MUDA).

Governor Gehlot has asked Siddaramaiah to explain why prosecution sanction should not be granted in connection with the alleged MUDA irregularities. The notice, seen as a potential precursor to sanctioning the prosecution of the Chief Minister, has unsettled the State Government, which came to power with a strong majority last year.

Counter-moves

This morning, Chief Minister Siddaramaiah held a breakfast meeting with his Ministerial colleagues at his residence to strategise ahead of a Cabinet meeting. They discussed the Governor's notice and planned their counter-moves in response to the potential prosecution sanction.

The meeting explored various options, including passing a resolution against the Governor's actions. Siddaramaiah declared that he would legally challenge the Governor's notice and any prosecution move by filing petitions in Court.

The CM also consulted Advocate General Shashikiran Shetty and Legal Advisor A.S. Ponnanna. The Cabinet members and Siddaramaiah accused the Governor of issuing the notice with malicious intent, describing it as an 'abuse of power.'

Siddaramaiah stated, "We have submitted all relevant documents related to the MUDA case, yet the notice was issued with ill intent. I am confident that the high command will support me. This is an attempt to destabilise my government, similar to what has happened in Maharashtra, Tamil Nadu, Kerala, and West Bengal."

What prompted Governor's move?

The allegation is that Siddaramaiah's wife, B.M. Parvathi, received expensive plots in exchange for her land in Kesare-Devanur, which was developed into a layout. The Governor had previously requested a report from the Chief Secretary on the MUDA scam.

Advocate and social activist T.J. Abraham met with the Governor on July 25, seeking permission to prosecute Siddaramaiah under various Prevention of Corruption Act provisions and the Bharatiya Nyay Sanhita. Following this meeting, the Governor issued the notice to the Chief Minister.

MLA Srivatsa reacts

In addition to Abraham, several BJP leaders, including Krishnaraja MLA T.S. Srivatsa, have lodged complaints with the Governor. Srivatsa told reporters in Mysuru yesterday that he would be happy if the Governor sanctioned the prosecution.

Sources indicate that Siddaramaiah discussed the matter with the Congress high command in Delhi on Tuesday. Siddaramaiah, who arrived in Bengaluru late on July 31 night, rushed to Energy Minister K.J. George's residence. The Governor was also in Delhi during these events.

There are indications that Union Minister H.D. Kumaraswamy, despite withdrawing support for the BJP's *padayatra* from Bengaluru to Mysuru demanding Siddaramaiah's resignation, played a big role in the issuance of show-cause notice to the CM. He reportedly influenced Union Home Minister Amit Shah to take legal action against Siddaramaiah.

FIR for over speeding

(Continued from page 1)

The incident led the Supreme Court Monitoring Committee on Road Safety to urge the State Government to implement stricter measures against over-speeding.

Additional Director General of Police (Traffic and Road Safety), Alok Kumar, stated, "From Aug. 1, FIRs will be registered against those driving above 130 km per hour anywhere in Karnataka for rash and dangerous driving."

Kumar noted that on July 25, 155 drivers exceeded 130 kmph on the Bengaluru-Mysuru Highway. These drivers will be booked under Section 281 of the Bharatiya Nyaya Sanhita for rash and negligent driving, as driving over 120 km per hour is considered rash or dangerous.

Alok Kumar emphasised that the new rule applies to all roads, not just highways. The Police will use speed laser guns and Automatic Number Plate Recognition Cameras to record vehicle speeds and capture images.

Laser guns are already installed along the Mysuru-Bengaluru Highway, and 155 speed laser guns have been distributed. Kumar acknowledged that recording vehicle speeds is more challenging at night.

Shalini Rajneesh takes charge as Chief Secretary

Shalini Rajneesh

Bengaluru, Aug. 1- Senior IAS Officer Shalini Rajneesh has taken over as the Chief Secretary of Karnataka, succeeding her husband, Rajneesh Goel. Goel officially handed over the charge at the Vidhana Soudha in Bengaluru yesterday.

Rajneesh's appointment follows Goel's retirement and is expected to bring renewed leadership to the State's administration. A 1989 batch officer, Shalini Rajneesh began her civil service career as an Assistant Commissioner in Mangaluru and is set to serve a nearly three-year term.

As Chief Secretary, Shalini will oversee State policy implementation, coordinate between Government Departments and ensure effective administration across Karnataka. She will also advise the State Government on key policy and administrative reforms. With a distinguished career in public administration, Shalini Rajneesh's appointment is anticipated to enhance efficiency and continuity in Karnataka's governance.

'Mysore Warriors' seek divine blessings

Team Members of Mysore Warriors franchise headed by Team Owner and Cycle Pure Agarbathi Managing Director Arjun Ranga and skipper Karun Nair visited Goddess Chamundeshwari Temple atop Chamundi Hill yesterday. The team also lit a six feet tall Akhanda Jyothi invoking the blessings of the presiding deity as they begin their training for this year's KSCA Maharaja T20 Tournament starting from Aug. 15 at M. Chinnaswamy Stadium in Bengaluru.

Former Indian coach

Anshuman Gaekwad no more

Anshuman Gaekwad

Mumbai, Aug. 1 (Agencies) - Indian cricketer and coach Anshuman Gaekwad passed away on Wednesday at the age of 71, following a prolonged battle with cancer. The news has left fans and the cricket fraternity mourning the loss of a stalwart who made significant contributions both on and off the field.

Prime Minister Narendra Modi expressed his condolences, describing Gaekwad as a "gifted player" and "outstanding coach." In a heartfelt message, the Prime Minister stated, "Anshuman Gaekwad Ji will be remembered for his immense contribution to cricket. Pained by his demise. Condolences to his family and admirers. Om Shanti."

Anshuman Gaekwad's cricketing career spanned from 1975 to 1987, during which he played 40 Test matches and 15 One-Day Internationals for India.

Valedictory of Global Tiger Day seminar

Rise in big cat density helping forest conservation: Soumitra Dasgupta

FROM LEFT: ***D. Mahesh Kumar, Executive Director, Mysuru Zoo; Dr. Sunil Panwar, Member-Secretary, Zoo Authority of Karnataka; Soumitra Dasgupta, Director (Programme), International Big Cat Alliance, New Delhi; Dr. Qamar Qureshi, Scientist from Wildlife Institute of India and Dr. Mewa Singh, Conservation Biologist, releasing the souvenir at valedictory of seminar on big cats in city.***

Mysuru, Aug. 1 (MTY&BS)- Soumitra Dasgupta, Director (Programme), International Big Cat Alliance (IBCA), New Delhi, has observed that the increase in population of tigers, leopards and other animals belonging to the family of big cats, has helped in the conservation of forest resources.

He was delivering the valedictory address during the two-day seminar on the topic 'Roaring Forward: Effective Actions For Big Cat Conservation' organised on account of Global Tiger Day-2024, at Sri Chamarajendra Zoological Gardens (Mysuru Zoo), on Tuesday.

Apart from the big cats, the increase in population of elephants, rhinoceros have also come in handy in the conservation of forests. The collective efforts of Forest Department officials and the local community should also be taken into count, for saving the bio-diversity on the earth, said Dasgupta.

"With the presence of big cats, the forests will be rich in flora and fauna, while several initiatives have been taken up for the conservation of big cat species. The IBCA was founded with the core intention of conservation of-Tiger, Lion, Leopard, Snow Leopard, Cheetah, South American Jaguar and Puma of North America. Already, 21 countries are the signatories of IBCA and have consented to implement the policies chalked out for the conservation of big cats," explained Dasgupta.

Following the increase in density of wild animals, there has been a rise in man-animal conflicts too. To address the particular issue, the coordinated efforts are vital. In addition to this, the action and implementation of policies by the Government for the conservation of forests also hold the key. 70 percent of forest cover in the country has turned into a tiger habitat, he said.

He asserted that initially we had failed to analyse the rise in global warming, but now it has been the topic of discussion all over the world. If we don't intensify effort towards addressing the effects of global warming, the forest resources face the threat of peril in the next 100 years. It will also pose a challenge to our life, that calls for the conservation of wild resources, with emphasis on saving big cats.

A documentary titled 'Wild Cats Of India' was also screened on the occasion.

Dr. Qamar Qureshi, Scientist from Wildlife Institute of India (WII), Dr. Sunil Panwar, Member Secretary, Zoo Authority of Karnataka, Dr. Mewa Singh, Conservation Biologist and D. Mahesh Kumar, Executive Director, Mysuru Zoo were present.

Health check-up camp for Pourakarmikas

Mysuru, Aug. 1 (KS)- The Department of Physiology, JSS Medical College, had organised a health check-up camp for Pourakarmikas at Metagalli recently. Over 55 Pourakarmikas attended the camp where they underwent medical examinations including BMI calculation, BP, blood sugar test and general health consultations by Dr. L. Rajeshwari, Dr. U.L.M. Vivek, Preethi, Shwetha Rai and Sakshi. They were educated on hygiene, nutrition and preventive health care. JSS Pharmacy College Principal Dr. T.M. Pramod Kumar and others were present.

Decennial celebrations of RAAGA

Two grand music concerts this weekend

Mysuru, Aug. 1- RAAGA Music Academy, Mysuru, will be hosting two-day grand music concerts this weekend to coincide with its decennial celebrations (10th anniversary) and series of 99th & 100th concerts at Sri Nadabrahma Sangeetha Sabha on JLB Road in city.

On Aug. 3 at 5.30 pm, the 99th vocal concert will be presented by **Vidu. Koviladi Archana L. Rao** accompanied by **Vidu. Aditi Krishnaprakash** on violin, **Vid. Tumakuru B. Ravishankar** on mridanga and **Vid. S.N. Narayana Murthy** on ghata.

On Aug. 4 at 5.30 pm, the 100th grand veena - violin duet will be presented by **Dr. Jayanthi Kumaresh** & **Vid. R. Kumaresh** couple, famous for their unique performances.

They will be accompanied by **Vid. K.U. Jayachandra Rao** on mridanga and **Vid. Trichy Krishnaswamy** on ghata.

Artistes Profile

Vidu. Koviladi Archana Rao, hailing from a family of musicians, was initiated into Karnatak classical music at a very young age by her grandfather "Haridasa Sangeeta Gana Ratna" late Koviladi K. Rangarajan, a renowned musician of yesteryears in Srirangam, Trichy.

Archana is under the tutelage of her mother, 'Kala Deepti', 'Sangeetha Madhuri' Guru Koviladi R. Kala, a renowned artiste and Music Guru in Mysuru for the past 27 years. She is an A-Graded artiste of All India Radio in both Karnatak vocal and Karnatak devotional categories.

Vid. Jayachandra

Vid. Krishnaswamy

RAAGA represents Music, Ayurveda and Yoga

RAAGA, providing a unique platform to bring the three Vedic Sciences — Music, Ayurveda and Yoga — into focus under one roof, is a humble concept and an innovative approach to promote a culture of wellness through music and thereby build healthier communities. As the very name 'RAAGA' suggests, the first two letters (RA) represent raga of Music, the middle letter (A) represents Ayurveda and the last two letters (GA) represent Yoga.

Conceptualised and initiated by Dr. Poornima K. Murthy, a renowned Ayurveda Physician & ably supported by Guru Vidushi L. Kala (Koviladi Kala), a renowned vocalist, Vidwan Raghunandan Rao, a senior Chartered Accountant & a renowned ghata artiste and a team of eminent musicians, doctors, art patrons, other professionals and dedicated connoisseurs of music, RAAGA has been conducting music programmes, consistently on the 3rd Saturday of every month. A Lecture Series on 'Healthy living through Ayurveda & Yoga' by Dr. N.V. Krishnamurthy of Prajna Kuteera Ayurveda Centre is also being organised every month.

Vidu. Aditi Krishnaprakash, an accomplished violinist in the field of Karnatak music, took to playing violin at the age of 4 and is a disciple of violin maestro Vidwan H.K. Narasimha Murthy.

Aditi's style of playing is known for its aesthetic approach, rich tone and artful bowing. In 2011, at the age of 21, she became one of the youngest violinists to receive an "A" grade from AIR.

Vid. Tumakuru B. Ravishankar is one of the most prominent mridanga artistes of India. A "Top Grade Artiste" of AIR & Doordarshan, he hails from a family of mridanga artistes.

Ravishankar started learning mridanga from his father Tumakuru T.V. Bhadrachar and later had his advanced training from the great mridanga mastero Guru Karaikudi R. Mani.

Vid. S.N. Narayana Murthy has performed in all the major Sabhas and accompanied all leading artistes of national and international recognition.

He has been teaching students in Karnatak vocal for the past 10 years and has performed in fusion concerts. He has performed in AIR National Programme of Music and in Doordarshan, South Zone.

Vid. R. Kumaresh, in his musical career spanning 50 years, has created a paradigm shift in the way the world looks at Indian violin. He is a child prodigy who played his first concert when he was just five and became a sensation in the field of Karnatak music by completing his 100th stage performance even before he was 10 years old.

He was the youngest violinist to be made the official State Artiste of Tamil Nadu at the age of 17 by the then Chief Minister M.G. Ramachandran. He is also the youngest violinist to receive the Tamil Nadu State Award, 'Kalaimamani' in the year 1997 and the highest grade 'A TOP' from the All India Radio.

Dr. Jayanthi Kumaresh, a sixth-generation Veena virtuoso, started playing the Saraswathi Veena at the age 3 and is a ten-time recipient of the "Award for Veena" bestowed by The Music Academy, Chennai.

In 37 years of her concert career, she has placed Saraswathi Veena on the world map through her trailblazing performances. She has taken the internet by storm through her innovative web series, Cup O' Carnatic, which demystifies Indian Classical music to the world audience.

With a doctorate in the art of Veena playing, her online Jayanthi Kumaresh Academy for Veena has students from over 15 countries.

Vid. K.U. Jayachandra Rao (Jay), a well-known Karnatak classical musician specialising in percussion (mridanga), performs extensively with all the leading musicians in India.

He is known for his unique style of playing mridanga which blends aesthetics and precision in a manner that seamlessly compliments and exemplifies the music of the vocal or instrumental artiste.

Rao is known for his rich melodious sound and his versatility and creativity on stage, making him one of the most sought-after percussionists in the rare group of left handed mridanga artistes.

Trichy S. Krishnaswamy, one of the most sought after ghata players, began his training under Thanjai V. Srinivasan at the age of 10.

He was awarded scholarship from Ministry of Culture for advance training and learning nuances of percussion under mridanga maestro Trichy B. Harikumar.

An 'A' grade ghata artiste in All India Radio, Tiruchirappalli, Krishnaswamy has performed with legendary instrumentalists and collaborated with many Indian and western percussion players in many concerts.

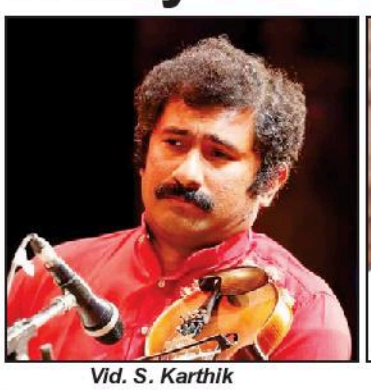
Violin Concert at Mysore

Vasudevacharya's Residence

Mysuru, Aug. 1- Vid. S. Arunachala Karthik, an accomplished violinist from Bengaluru, will be presenting a solo violin concert at the heritage house of Mysore K. Vasudevacharya in city on Aug. 3 at 10.30 am.

He will be accompanied by Vid. Trichy S. Gurushyam on mridanga.

Profile: Vid. Arunachala was initiated into Karnatak Music by his mother Chitra Sridharan. He learnt Karnatak vocal from Sitaramasarma and Mangalam Shankar. He has received advanced training in violin from C.N. Chandrasekhar and Sangita Kalanidhi M.S. Gopalakrishnan. A B-High grade artiste in AIR since 2003, he has performed in major Sabhas all over South India.



Vid. S. Karthik

Vid. Gurushyam

Trichy S. Gurushyam, trained under Srirangam V. Venkataraman and B. Harikumar, is known for his exceptional skill and precision. A B-High grade artiste of AIR, he has been performing at prestigious sabhas accompanying eminent vocalists and instrumentalists and has collaborated with international artistes too.

WORD OF THE DAY

Impeccable

Pronunciation: im-PECK-uh-bul (Adjective)
Meaning: Impeccable describes that which is free from fault, error, or blame. It is a synonym of flawless.
Origin: The word impeccable has been used in English since the 16th century. It comes from the Latin word impeccabilis, a combination of the Latin prefix in-, meaning "not," and the verb peccare, meaning "to sin." Its original meaning hewed close to its root: impeccable meant "not capable of sinning or liable to sin." (It has a rare but pleasingly logical antonym in peccable, meaning "liable or prone to sin.") Peccare has other descendants in English: there is the noun peccadillo, ("a slight offense"), adjective peccant ("guilty of a moral offense" or simply "faulty"), and the noun peccavi, which in Latin literally means "I have sinned" but in English refers to an acknowledgment of sin. Nowadays, impeccable is more commonly used in the secular sense to mean "flawless," as in "impeccable taste in music" or "their craftsmanship is impeccable."
Example: "Meghan Markle turned 42 years old on August 4th, and her style is as impeccable as ever." — Emily Tannenbaum, Glamour, 5 Aug. 2023

THE ODD WORD

Exulansis

The tendency to give up trying to talk about an experience because people are unable to relate to it.

PHRASE OF THE DAY

Fall at the first hurdle

Meaning: The phrase 'Fall at the first hurdle' is used to say when someone fails at an early phase of a task.
Origin: The origin of the phrase "Fall at the first hurdle" is thought to come from the sport of horse racing, where a hurdle is a barrier that horses must jump over during a race. If a horse fails to clear the first hurdle, it is considered to have fallen at the first hurdle and is unlikely to win the race. Over time, the phrase has come to be used more generally to describe any situation where someone fails at the first obstacle or challenge, whether it be in a sporting context or not.
Example: The athlete fell at the first hurdle of the race ending his chances of winning a medal.

QUOTE BOX

The most radical revolutionary will become a conservative the day after the revolution. **—Hannah Arendt**

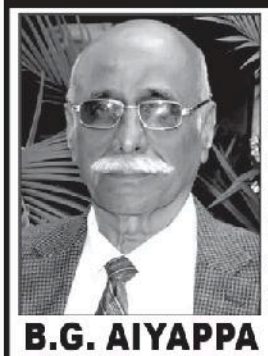
IN EVER LOVING MEMORY

SRI DOULATRAM SADHURAM
03-08-1930 01-08-1987
You live forever in our hearts
Family Members

8th YEAR ANNIVERSARY


B.G. AIYAPPA
Retd., Dy.SP
30.04.1945 - 01.08.2016
Not a day passed that you don't cross our minds. Not all of you departed when you left earth behind. For in our heart there is a place that only you can hold and own.
It is a pleasure to remember all the happy times we've had together, But still unable to say how much we Miss you & Love you.
— Truly missed & forever cherished by his beloved Wife, Son & Daughter-in-law Daughters, Son-in-laws & Grand children
